

# French government's moves creating anti-Semitism

By Dr. Guy Bechor

[לקרוא מאמר זה בעברית](#)

If anyone needed a reminder, prestigious American magazine *Vanity Fair* published [a huge heart-rending feature](#) about the situation of anti-Semitism in France. It isn't happening during the Holocaust or during the Dreyfus trial, but now

Being identified on the French street as a Jew means taking a risk of physical violence, and even a life-threatening situation. It means entrenching oneself as a collective and hiding one's personal identity

France's leaders are responsible for local Jews' grim situation due to government's clear [pro-Muslim](#) and [pro-Palestinian](#) policy, as well as its traditional hostility towards Israel

***[face-book-like]***
